

APPRENTICESHIP OPPORTUNITY – CABINET MAKER

Hey there, future woodworkers!

Are you a hands-on whizz in wood shop? Is your idea of a good time immersing yourself in your next project? If your answer is a big, enthusiastic "Yes," then we've got just the thing for you!

We're a team of highly skilled cabinet makers crafting magic out of wood daily. We're searching for a school leaver with a taste for sawdust and a love for hands-on learning to join us as an Apprentice Cabinet Maker.

As an apprentice, you'll learn the ins and outs of the cabinet-making trade, from understanding different types of wood to mastering the art of joinery, from design through to the finishing touches that make it shine. You'll be right at the heart of the action, working closely with our experienced crafters, who will guide you every step of the way.

So, if you're the person who prefers making things with your own two hands to sitting behind a desk all day, then this is the perfect role for you. Imagine the satisfaction of seeing a piece of furniture you've built from scratch!

Here's the deal:

- **A competitive apprentice wage – yes, you'll be paid to learn!**
(benefits package after six months, paid tuition)
- **A supportive and fun team environment – who said learning can't be fun**
- The satisfaction of seeing your work in some of the finest homes on the island, even in magazines!**
- Hands-on experience and industry certification upon completion of the apprenticeship**

You can find out more about us and what we do at www.splintersmillworks.ca

But we want to hear more about you!

Do you have a genuine passion for woodworking? Show us you're as excited about the craft as we are!

Are you good at problem-solving and good with tools?

Do you have a creative spark and an eye for detail – it's all in the fine touches, right?

Positive, can-do attitude? – that is exactly what we are looking for! There's no 'I' in team, but there's definitely one in 'win.'

If you think you have something to offer, we want to hear from you! **Send your resume to splintersmillworks@shaw.ca** and some photos of your class projects; we love seeing them.
