

Part-Time Job Opportunity

Join McGrath Market Research in helping Optimize Wealth Management, one of Canada's fastest growing wealth management firms expand throughout North America

What We are Offering:

Through working for Optimize, we offer competitive compensation of 40-60 cents per lead, flexible hours, and LinkedIn-worthy work experience that pertains to a top wealth management firm.

Who We are:

McGrath Market Research is a lead generation company that currently works with Optimize Wealth Management to generate leads on Financial Advisors across North America. The leads we generate serve as the foundational step in Optimize's onboarding pipeline, effectively initiating the process for acquiring new financial advisors.

About Optimize Wealth Management:

Optimize Wealth Management, founded in 2009, is a rapidly growing wealth management firm based in Toronto that has been featured in popular business magazines such as the Globe and Mail, the Financial Times, and the Financial Post. Optimize Wealth Management currently spans across Canada and is looking to expand south into the US.

What We are Recruiting for:

Given the ambitions of our company, we are looking for students to help Optimize expand. The job entails using the web to record details of financial advisors across North America such as their name, address, email, and phone number. It is a relatively simple job that can be done remotely and only requires a couple days of training before you can begin working.

Who Should Apply:

Given the great pay, opportunities, and flexible hours being offered, we are looking for driven, reliable, and dedicated students to join our team.

To apply, give me a call at 647 913 6733 or send me an email at michael.mcgrath@optimize.ca
